

## Provision Map of Wave 1, 2 and 3 support

St Mary's CofE Junior School

SENDCo – Kate Wylie – [senco@st-marys-oxted.surrey.sch.uk](mailto:senco@st-marys-oxted.surrey.sch.uk)

**Wave 1 support** – This is the level of support that every child in school has access to where necessary

**Wave 2 support** – This is the level of support that children receive if they need additional help which is not met by wave 1 support. There is a wide range of support available at wave 2 which covers cognition and learning, communication and interaction, social, emotional and mental health and sensory or physical needs. Some children may need a low level of additional support e.g. a 6 week intervention to help them catch up in an area of the curriculum or they may be accessing a high level of Wave 2 support which may mean an application is made for an Education and Health Care Plan (EHCP) so that they can access wave 3 support. In order to apply for an EHCP, the school has to be providing over £10,000 of additional support before an application can be made.

**Wave 3 support** – This is the level of support that children with an Education and Health Care Plan receive. It is possible that some children at Wave 2 may be receiving some of the wave 3 support in exceptional circumstances.

If your child is receiving support at wave 2, you will receive a personalised provision map outlining the additional support. If your child is receiving support at wave 3, you will receive an Individual Support Plan and provision map outlining the additional support and ongoing targets.

Area of Difficulty	All pupils where appropriate <b>Wave 1</b>	Additional support which is not met by wave 1 <b>Wave 2</b>	Statement or EHCP <b>Wave 3</b>
<b>Cognition and Learning</b>	Differentiated curriculum planning, activities, delivery and outcome.
