

KIDS TECH CAMP

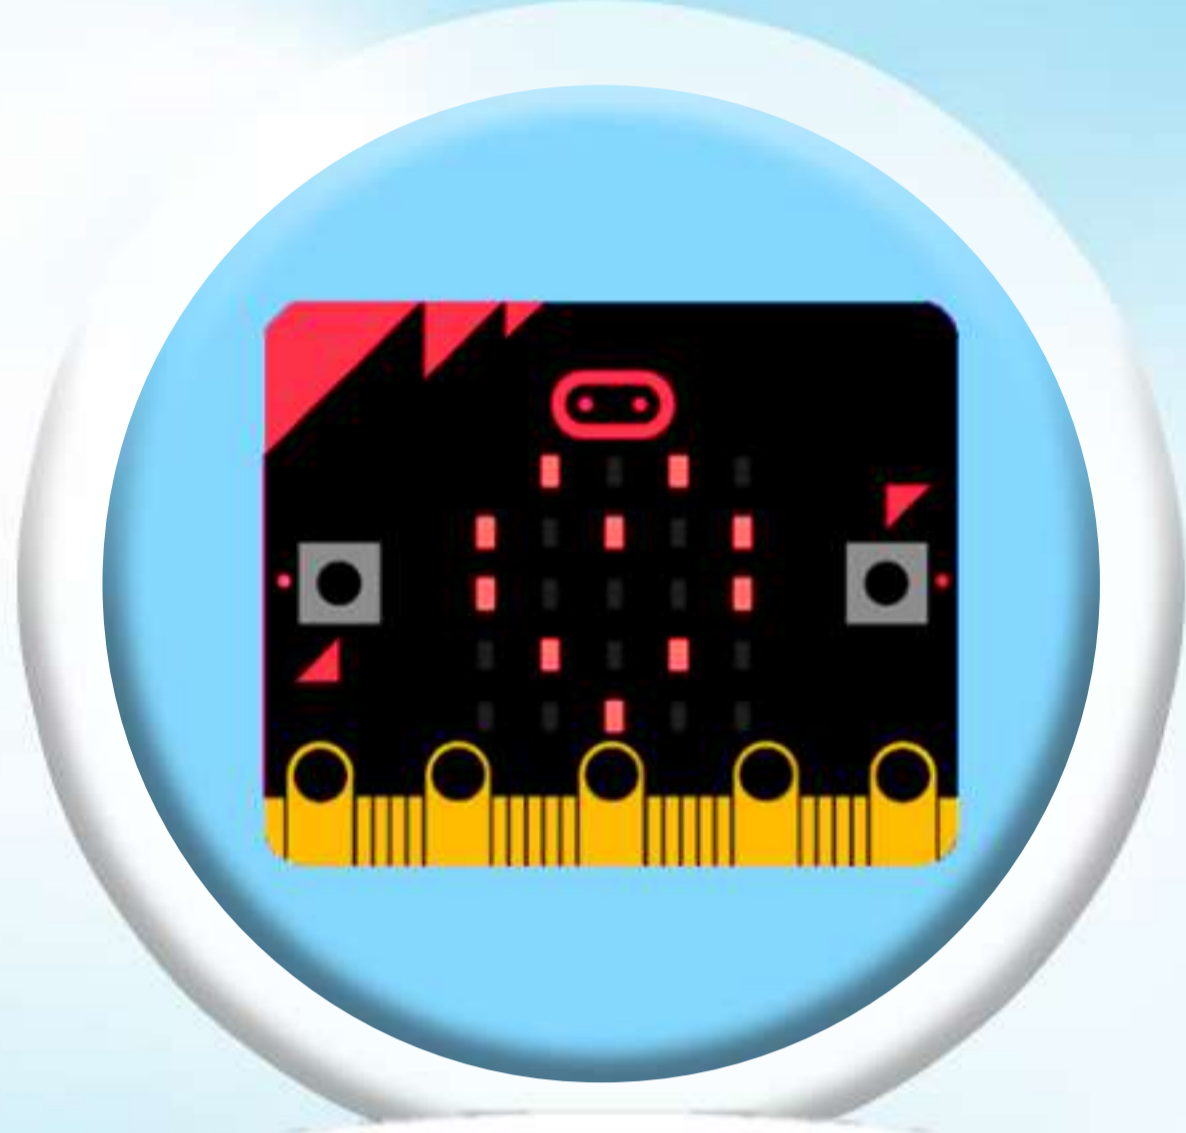

FROM £40
PER DAY

AGES 5-11

WEARABLE TECHNOLOGY

Build wearable devices, all by yourself with block based coding. Simple for beginners and absorbing for experts, program the device to blink, change colours or react to movement.

MICRO:BIT MADNESS

A fantastically fun day that'll launch your career as a steadfast coder! You'll use Javascript or Python coding to turn your micro:bit into a game, controller or even code it to make music.

VLOGGING DJING PODCASTING

This day provides an introduction to podcasting, editing software and special effects, so you can push your creative skills to the limit and express yourself through new media.

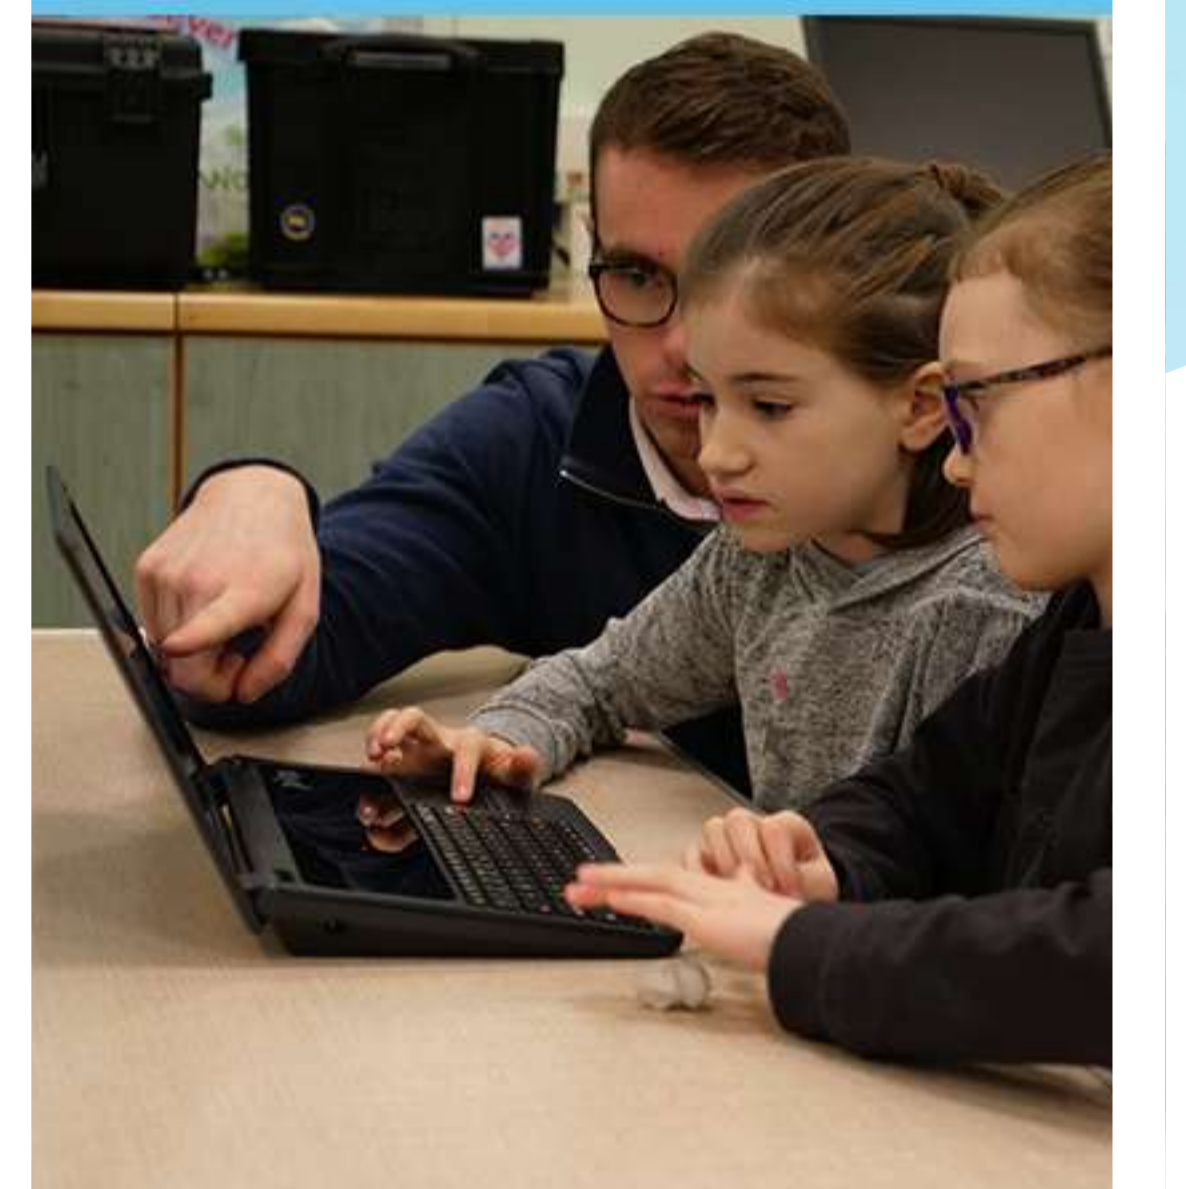

AI ROBOTICS

Code an AI friend with Cosmo, Program it's movements, create games or make art. It's artificial intelligence makes learning limitless with hours of problem solving lessons.

HTML WEBSITE BUILDING

Build a webpage from scratch by learning HTML coding. You'll gain logical, problem solving skills, and you'll have a super fun site that you can proudly show to your envious friends.
