## Bikeability Level 2 Cycle Training

Dear Parents and Carers,

St Mary's have managed to secure some spaces for Bikeability Training (Level 2) for Year 6 pupils to be completed at school across the next two half terms. We currently have 64 places booked and children will be in groups of 8. In order to take part children must have a road-worthy bicycle and suitable helmet.

Places are booked through the Surrey website, using this link -

Registration for this course closes on Thursday 30<sup>th</sup> September. **Places are allocated on a first-come, first served basis and once all 64 places are full, booking will no longer be available.** After booking has closed, you will be emailed which course your child has been allocated to.

The cost of the training is £15 and is payable when booking.

During the training the children will learn how to use their bicycle safely on roads and near traffic with certified instructors. The children have 5 sessions (one each afternoon Monday - Friday for approximately 1 1/2 hours).

Please note that bicycles can be brought in the morning of the first session and can be locked up at school or stored indoors overnight throughout the week.

***Skill level: In order to take part in the training children must be able to ride confidently including taking one hand off the handle bars and must be able to look behind while riding without losing control.***
