Hi I'm Maxine, I've been a professional singer/songwriter/pianist for over 30 years, I have taught at St. Mary's school for many years teaching music on a one to one basis.

Since the Covid outbreak & restrictions in schools, I am now unable to personally come into the building to do this. Most of my students that I teach at St. Marys, I now teach via online or alternatively students come to my home for lessons, whereby I have my own recording package and can also offer the option to make vocal or piano recordings.

Students that I teach from St. Mary's will automatically be offered a place at school once all the restrictions are lifted and music lessons resume back to normality.

I cover all aspects of music, from classical to contemporary, taking pupils right through their grades either through ABRSM, Trinity or Rockschoo for both the piano, theory of music and singing, also for those that wish to study for GCSE music or to work towards a scholarship.

I also teach for pleasure, the vocal coaching consist of general voice control, extending vocal range, breath control, mic technique along with writing your own compositions and having them recorded to a professional demo standard.!

For more information Please contact the school office or call me direct on 07519 107261 or email: maxineclutterbuck@gmail.com
