3MG – Sustainability Centre Visit Monday 17th November, 2025

Dear Parents and Carers,

Our class visits to the sustainability centre is fast approaching. Please note the following information:

Arrive at 7.50 – we will open the gate by the swimming pool so that the children can go straight to the classroom.

Clothing – slight risk of Ticks as we are outside, please wear PE kit with long sleeved tops and long trousers. (please read the attached leaflet for more information)

Weather - please ensure your child has a waterproof coat as we will be outside a lot of the time.

If possible please send your child in wearing their wellies or a suitable alternative (walking boots) trainers are not suitable as it is likely to be muddy and they will get wet feet.

Packed Lunch – please note that ALL rubbish will be coming back to school with the children.

Water bottle.

Medication – we will take what is in school – anything extra, give to a teacher in the morning. If your child needs travel sickness medication, please give them one dose at home and hand the second dose in a labelled bag/container to the class teacher/person on the gate in the morning.

We need to leave school as near to 8am as possible – please do not be late! We aim to return around 4pm. If for any reason we are delayed, we will let the office know and they will send out a text message with a new ETA as soon as they can.

This is a great experience for the children and it really brings their learning about the Stone Age to life.

Many thanks,

The Year 3 team
